

Public Notice:

TLC Plumbing and Utility has completed the reuse system pipeline through Portales.

Between 10/21/15 and 10/27/15, TLC will be filling and testing the reuse system pipeline. Some of the purple fire hydrants may be flowing to test the system.

Please be aware that water from the purple fire hydrants is non-potable water (not drinkable water).

For more information, call 505-761-9696.
