Dirt, Asphalt, Concrete, and Utilities Construction
Aggregate and Asphalt Products

NOTICE TO PUBLIC

US 70/1st and 2nd Street Portales, NM Pavement Rehabilitation, and Reconstruction Project

PORTALES —The New Mexico Department of Transportation (NMDOT) New Mexico Department of Transportation and Constructors, Inc. will continue road construction on US 70 starting again on March 4, 2013. It was decided in December 2012 that it was more economically feasible for the State of New Mexico, and the businesses within the construction zone, to suspend the project during the winter months due to the unpredictable weather. The NMDOT and Constructors, Inc. appreciate your patience during the construction process.

For up-to-date information on construction projects in New Mexico, go to the NMDOT road advisory website at, www.nmroads.com or dial 511. Constructors Inc. also will have updated information on this Facebook page: www.facebook.com/ciconstructors. The Department asks that motorists please use caution and obey posted speed limits in construction zones.

Anyone with questions or comments regarding this project may contact Richard Gonzales, Project Manager for the New Mexico Department of Transportation, at (575) 356-0047 or John Guldemann, Project Manager for Constructors, Inc. at (575) 356-9096.
